Mr. Harrity reached the city about 8 o'clock last evening. He was met at the railroad station by Mr. James L. Norris and driven to the Arlington, where a conference followed between Mr. Harrity, Senator Gorman, Mr. James G. Berret and Mr. Norris. The conference lasted until

after 11 o'clock and was, it is said, perfectly satisfactory to all parties to it. To a reporter of The Star who saw Mr. Rarrity this morning he stated that he would probably leave Washington this evening, and intimated by his manner more than the probably leave Washington this evening, and intimated by his manner more than by his words that he would experience little difficulty in arriving at a solution of the problem arising out of the action taken by Mr. Norris. "I propose," said Mr. Harrity, "to hear all the gentlemen who have been in correspondence with me concerning the matter, and then to do what I think proper and necessary.

"If I understand the matter rightly," continued Mr. Harrity, "the controversy has arisen out of the failure of Mr. Norris to consult certain gentlemen, and not because he has

STRANGE ADVERTISEMENTS.

I have been amazed at the statements made by some redit houses claiming that they sell goods on time as low as any cash house will sell same article. This is triding with the intelligence of the public, as the most kinorant of our people know that to buy on installments means about double our prices for cash. I have found that no ad, pays unless it inspires confidence in the readers, and it must not carry with it any doubt as to the writer's ability and intentions to do what he claims. We advertise because we believe our ads, are read, and we are just as careful to state absolute facts as if you were looking at the goods and making a purchase.
